

# ArtSpires | OUT OF THE ASHES 2020

Spy which spires are sprouting and where!

ArtSpires is the newest community art project and exhibition by the Hopewell Valley Arts Council with sculptures on display from September 2020 through spring 2021. The ArtSpires project commemorates the loss of native ash trees from the harmful effects of the emerald ash borer beetle as part of the organization's ongoing initiative *Out of the Ashes: Art Emerging from Fallen Trees*. See one you love? We will be auctioning the spires off in December to benefit the artists and the Arts Council, stay tuned!

See ArtSpires locations, titles, and artists on page 2 >
